

EDUCATING TOMORROW'S WOMAN

STRATEGIC PLAN / 2015-2019

Camberwell Girls
Grammar School
An Anglican School

EDUCATING FOR THE FUTURE

In preparing Camberwell girls for successful lives, the School's motto *Utilis in Ministerium*, guides our direction. Our focus is to ensure that Camberwell girls are lifelong learners, productive global citizens, compassionate leaders and catalysts for change. Each girl should be committed to making a difference to the lives of others, not only when she leaves the School, but also today.

Quality education for girls ensures that the world has diversity of thought, a perspective that values collaboration and the benefit of the talent, creativity and ideas of half of the world's population.

Over 95 years ago, the School's Founders were committed to giving young women the same educational opportunities as boys. Today, not only are we passionate about educational excellence for our girls in a Christian community, we are also committed to the whole development of each girl to ensure that she is fully prepared for her future.

Educating Tomorrow's Woman: Strategic Plan 2015-2019, acknowledges that through this period of great change in the world, our girls need to develop a broader set of skills for life in a global community and highly connected workforce. Opportunities to develop the 21st Century Skills of creativity, innovation, collaboration, communication, global empathy and knowing yourself, are all significant priorities in educating for the future.

Supported by telepresence and collaboration technology, this new approach to teaching and learning will allow our students to make real connections to the world to enhance their learning, particularly in the areas of science, technology, engineering, arts and maths (STEAM).

We have revised the School's Vision, Mission and Values statement to firmly focus on the future. Our six new Strategic Pillars: Inspired Learning, Global Citizenship, Development of the Whole Person, Leadership in Educational Practice, Connected Community and Operational Excellence provide the School with the framework to achieve our overall objective of Educating Tomorrow's Woman.

We must acknowledge the generous contributions of our key stakeholders - the School Council, students, parents, staff and old grammarians have all made a valuable contribution to this process.

We look forward to working together to implement this exciting plan.

With best wishes,

Anthony Cant
Chair of School Council

School Principal

VISION

A leader and innovator in the education of girls, dedicated to fostering a passion for learning and building a more just and sustainable world.

MISSION

A Christian School in the Anglican tradition, inspiring girls in their love of learning and nurturing compassionate leaders with global mindsets.

VALUES

We welcome students of all faiths and cultures and educate them to seek wisdom through intellectual inquiry, service learning and spiritual growth that honours the values of:

- > Integrity
- > Commitment
- > Respect
- > Hope
- > Courage

STRATEGIC PILLARS

- > Inspired Learning
- > Global Citizenship
- > Development of the Whole Person
- > Leadership in Educational Practice
- > Connected Community
- > Operational Excellence

INSPIRED LEARNING

Committed to developing passionate, curious and confident learners who strive for educational excellence, we value individual differences, understanding different ways of knowing, being creative and developing entrepreneurial creators and designers of products.

- Ensure a strong culture of learning and rigour in an environment where each girl is inspired to strive for academic excellence.
- Provide an education that is challenging, enhances curiosity and creativity, and supports the development of individual differences and strengths through a personalised learning focus.
- Provide a curriculum that is designed with the understanding that problem solving, creative thinking and innovation are critical capabilities in transferring and applying learning.
- Provide programs to ensure that students can be entrepreneurial creators and designers of products that respond to a need or niche in society.
- Ensure student success in a range of academic testing, competitions and initiatives.
- Use digital technology progressively to support contemporary pedagogical practices, enabling girls to become more engaged with their learning.

1-2 YEAR OBJECTIVES

- Increase breadth of subjects and enrichment opportunities through a ‘personalised learning’ approach, supported by our Next Generation Learning technology.
- Engage students in deeper learning opportunities.
- Establish a Design Technology Laboratory.
- Establish new framework for curriculum development.
- Implement a new Learning Management System.
- Increase participation in national and international competitions.

3-5 YEAR OBJECTIVES

- Develop courses to allow students to work more flexibly across year levels and with external experts.
- Develop a framework of metrics that track growth for each student’s personalised learning.
- Engage with a global education network to facilitate collaborative opportunities that are supported by technology.
- Publish and share programs in educational forums.

GLOBAL CITIZENSHIP

The understanding, valuing and inclusion of diverse cultures and the development of intercultural competency skills is essential in preparing girls for their futures, enabling them to engage in action that will make a positive difference to the lives of others and respond to social and environmental challenges.

- Celebrate the joy of learning and ideas - creating a community who collaborate, connect and respect differences in addition to the formation of relationships with local, national and international experts.
 - Provide curricular and co-curricular opportunities for students to develop the knowledge, skills and abilities to embrace their lives as global citizens.
 - Nurture diversity and foster intercultural competency skills with all members of our multicultural community, the curriculum (including the knowledge that language and bilingual skills help to unlock cultural understanding) and the School environment.
 - Experience and develop an understanding of Australia's Aboriginal and Torres Strait Islander people, country and cultures. Appreciate their understandings, skills and ways of knowing.
 - Understand the importance of Australia's relationships within the Asia Pacific Region.
 - Encourage the importance of service through engagement with different communities.
 - Enable girls to have the confidence to be leaders of change now and into the future through opportunities for leadership, advocacy, creativity, innovation and entrepreneurship.
 - Develop local and global partnerships to create collaborative learning opportunities.
-

1-2 YEAR OBJECTIVES

- Implement a signature Year 8 and 9 Global Leadership Program.
- Acknowledge indigenous traditions and rituals and increase the integration of indigenous perspectives across subjects and learning opportunities.
- Strengthen Sister School partnerships.
- Develop STEAM opportunities.
- Teach girls advocacy skills.

3-5 YEAR OBJECTIVES

- Develop an indigenous in-country opportunity.
- Complete the Council of International Schools (CIS) Certification.
- Expansion of global off-site initiatives, cultural exchanges and tours.
- Develop projects with students from Sister and Partner Schools utilising our technology infrastructure.
